### **Old Business**

A few more vendors have come to the Farmers Market. We are still looking for someone to head-up the Farmers Market and be on site every Saturday to greet people and help set-up. If you know of anyone that would like to get involved have them contact Todd Carteaux.

There is a grant available that the town may be able to get for street, sidewalk and curb repair work, from the State of Indiana, for 2018. Bill is working on the application for this grant and it looks promising. This will help greatly to help cover monies needed to repair the downtown area.

Keep connecting with people and tell them about Restore Avilla and to help to rebuild our town..

### **New Business**

Larry Goldsmith is going to donate his building (Magpies) and property to Restore Avilla for the price of the back taxes. The property beside the building will be used for a pocket park and the building will not be kept. A landscaper has stepped forward to do the pocket park for the cost of materials. This landscaper did the Auburn pocket park. A structural engineer inspected the building and stated that the main building is sound but needs a few minor repairs but the addition on the back needs torn down. Todd is working with Rex Patterson to acquire the building and property from Larry Goldsmith.

With no further business, Kevin motioned to adjourn and Randy King seconded. Motion carried. The meeting was adjourned at 7:21 p.m.

The next meeting is at the library on Monday, August 14th at 7:00 p.m.
