

Restore Avilla

Minutes May 13, 2018

In attendance: Candace Kindt, Andrea Kern, Bill Freeman, Russ Shartzter, Shalimar Holderly, Kevin Kelly, Randy King, Abby Cole, Todd Carteaux and Bill Ley.

Todd called the meeting to order at 6:02.

Minutes from April 9 were presented. Russ motioned and Abby seconded to approve. The motion carried.

The treasurer's report was presented. Shalimar motioned and Randy seconded to approve. The motion carried.

Old Business:

We still need someone to head the Farmers' Market.

Thank you to Russ Shartzter for preparing and filing Restore Avilla's taxes.

The pattern for the stamped concrete will be changed. Jeff Straessle thought the pattern picked out would look too much like regular concrete.

Thank you to Oak Farm School for helping clear the pocket park property.

The cost of furniture for the pocket park would be \$5728 from Raber's in Shipshewana.

Todd contacted the owner of the property at the NE corner of Main St. and Albion St. about permission/easement/purchase of a spot to install a clock at the SW corner of their property. He was unable to reach an agreement with them. It was suggested the clock be installed in the bump out at the SE corner of Main and Albion Streets instead during the streetscape upgrade next year.

New Business:

Todd has been contacting local businesses for contributions toward the cost of the pocket park. All contacted to date have said yes.

At 6:41 Bill Ley motioned and Russ seconded to adjourn. The motion carried.

Bill Ley, Secretary.
